Greg – Martin is out of the office until next Tuesday, March 17th. The Agencies would like to meet either the week of March 30th or the week of April 6th although at this point, we have not pinned down any specific days/times.

If you would like to send us some proposed days/times those weeks that would work for Sunnyside, I will work with our folks at EPA, BLM and the State to find a meeting date that will work for all. Thank you.
